**REMARKS**

Claims 13-34 are pending, and are restricted into Groups IV-VII as set forth in the Action mailed February 25, 2002. Applicants elect, with traverse, Group VII for prosecution on the merits. Applicants reiterate the previous election of species, with traverse, in which the second molecule is CD40, the cell is a yeast cell, and the agent is a drug.

Applicants incorporate by reference remarks set forth in the Response to the Restriction Requirement mailed May 24, 2002, and respectfully request that the traversal of the restriction and election requirements be fully considered and that all subject matter of claims 13-34 be rejoined and examined.
